SUPPORT OUR TROOPS

We have
been

mailing to our troops overseas since 2004, and reaching out to more and more units with each passing year. Since 2015, we also have been working with military chaplains, individual military personnel and the American Red Cross, to not only serve the needs of our male and female service personnel, but also the civilian populations they are engaged with. Among these missions are visits to refugee camps and orphanages in the regions they are deployed. Because of the fighting with ISIS, and other ongoing unrest, many individuals and families have been displaced, or torn apart.

Among the items being requested are sandals and flip-flops, sports equipment like soccer balls, and new or used clothing for children, that are in good shape.

Serving the troops is our top priority, but assisting them with their community outreach activities is also something we are trying to do.

Anyone wishing to assist in this effort, or if you have any questions about these military units, or ways you might help them, please contact: [Lloyd Mullikin](mailto:LLOYD.MULLIKIN@gmail.com) at 732/269-1397, or LLOYD.MULLIKIN@gmail.com

Deductible donations to the "Troop Mailing Fund" are appreciated, and can be made by
