

A DAY OF CYBERSECURITY AWARENESS

April 12, 2017
Ocean County College
Gateway Bldg. Room 104
1 College Dr., Toms River, NJ 08754

Co-presented by:

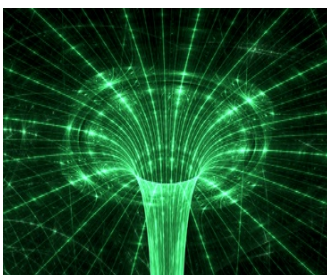

Kean University Cybersecurity Center
New Jersey Cybersecurity & Communications Integration Cell (NJCCIC)

9:30 -11:30am

Ransomware

This presentation is designed to educate audiences about the threat of ransomware, a type of malware that attempts to extort money from victims by restricting access to a computer system, files, or device. Analysts from the New Jersey Cybersecurity & Communications Integration Cell will provide an in-depth look at this rapidly growing and pervasive threat and explain how it works and how best to protect data and networks against commonly used attack vectors.

1:00 -3:00 pm

Dark Web (Law Enforcement Only)

This presentation is designed to provide law enforcement with a basic understanding of the Dark Web and TOR network. Analysts from the New Jersey Cybersecurity & Communications Integration Cell will outline the origins of the Dark Web, how to access these networks, cryptocurrency, and the types of illicit information/goods/services that are available for purchase. A live demonstration of the TOR network will conclude the presentation.

Attendance is Free

Pre-registration is **required** due to limited seating.

Pre-register online at [Cybersecurity Awareness Registration](#)
