Mayor Jones invited . Fred Profeta former Mayor of Maplewood Township in New Jersey from 2004-2008 Re: Sustainable Jersey program.

Mr. Profeta has more than twenty-five years of experience shaping successful environmental policy and municipal and public engagement sustainability programs. He provides high-level strategic guidance to municipal, non-profit and corporate clients. Among his principal areas of expertise are renewable energy, municipal sustainability program development and community participation and engagement. In 2010, Profeta received the New Jersey Governor’s Environmental Excellence Award in the Environmental Leadership Category.

Fred Profeta	Sustainable New Jersey (Deputy Mayor of Maplewood)
	A Municipal Certification Program - 3 part. Points achieved for various actions. Launched in Feb. 2009. Has become viral around the state. 337 Towns have signed up. 59% of the states municipalities. Every county represented. DEP fully supporting this program. BPU granted over \$400,000 for the program. Have met to discuss ways to bring this program national. Anticipate Senator Menedez to address and Frelynghausen. Good program. Volunteer program. No cost to join. No cost to set up a green team. No cost for various programs. Points achieved for solar

	energy. Energy savings improvement programs. Walmart provided \$400,000 for grant awards by the program. Pursuit of programs aids residents in saving money.
Mayor Jones	In the brochure - it indicates certification of "bronze" 100 points. Believes that Borough has achieved 240 points by various actions already taken.
Profeta	By signing up for this program - you move to the head of the list for programs
Mr. Feeney	If you are not part of the program - are you discriminated against.
Profeta	Pursuing program aids you in moving forward.
Roma	Walmart funds - what given each year - for 2011 \$100,000. Does it get shared by the 377 towns.
Profeta	Towns with successful programs - achieve grants.
Clayton	If resident purchases solar power - no cost to them - after 15 years they own.
Profeta	Government gives 30% tax credit.
Mr. Feeney	Reminded of presentation 2 years ago on similar program. Things we looked at. Now starting to loosen up here.
Mr. LaCrosse	We can look at 240 points that we say we can achieve. Getting the 110 points - who determines what "green design" is. Diversity on boards ????? Thing is Beachwood is about 95% grown out. We have looked into several things MR. Komsa - wind turbines = I looked at solar paneling in the drainage area. What can we expect from your group to help us out..
Profeta	I will stand behind you on this you can guarantee that. You can do this and not spend any money or you can do this and spend money. Explanation of what can be done.
LaCrosse	Can we get a greater detail of what can be done. There are some things that perhaps we can do, but we need some more detailed information from you.
Profeta	If you go to the website - you will get more detail on ordinances etc...
Roma	Who do they use as a point of contact to oversee the municipalities.
Profeta	You need to set up a green team - if you have an Environmental Committee you already have a green team.

Dear Mayor & Council,

I am writing this letter to ask for your help.

I am a single mom with kids and have recently lost my business.

I have not been able to pay the licensing fee for my dogs because I am currently on disability and receive very little money to live & to buy food and so on.

My dogs are medically sound, have and are up to date with their Rabie shots. I called and spoke to someone to let them know at the Borough that I don't have the money to pay this amount. It is our living expenses, and just barely enough. Now you have added a late fee which adds up to more than I have.

I am asking for your help that if possibly you could drop the late fee and by the end of the month, May 27th 2011 I will pay \$19.00. If I can get the money together I will pay it sooner. Thank you for your time.

Dear Mayor , President of Council, and Council Members

At the April 26th meeting of Jersey Shore Nuclear Watch (JSNW) commemorating the 25th Anniversary of the Chernobyl Nuclear Disaster, Mayor Jason Varrano presented the Resolution adopted by the Township Council of Berkeley. The Resolution (see below) calls for the immediate closure of the Oyster Creek Nuclear Power Plant.

In light of the nuclear catastrophes in Three Mile Island, Chernobyl, and in Japan , it is critical that municipalities in New Jersey bring attention to their representative about the dangers Oyster Creek poses to its citizens and adopt a similar resolution and join in the struggle to close Oyster Creek immediately.

Please place this request on the Agenda of your next meeting.

We,(JSNW) would appreciate your mailing a copy of the resolution your township adopts to us at:

Jersey Shore Nuclear Watch

P.O Box 3085

Wendi Higgins	What was cost of repairs to Locker. - when put back together it is a disaster ...(road)
Engineer J. Oris	Trench is being allowed to settle and will fall under a separate contract. Currently temporary paving.
Councilman Roma	Can you explain acceptable amount of time for trench to settle -
Engineer Oris	Min. 30 days - if paved over - would wind up with trench showing up in final pavement. Project was done in December and we tried to get it done prior to setting in of winter. Had to do it in stages to eliminate time for required permits and cost would have been increased. Will be paving Locker with Spray - Will evaluate trench condition on Spray if all acceptable will be done in July.
Councilman Roma	Unless emergency we try to plan projects in most efficient way. may be inconvenient to residents, but cost effective overall. Will talk to Chief about reducing the traffic in that area.
Wendi Higgins	Condition of road.
R. DiBella	How long before meeting does the council get the agenda. Believe mistake in tabling Oyster Creek resolution. Should have been done today. Re: item discussed by Mr. LaCrosse - Last meeting.
Councilman Roma	Responded to Mr. DiBella - about question of address of Mayor Jones.
Mr. Jones	Mayor addressed case before court "Evesham". Read communications from Clerk On April 15th communication concerning nominating petition decision. Going on record here, like Mr. Balazinski, and based on legal involvement I've had (\$155,000) Has I'm Homeless. If you're going to allow someone who is homeless, who doesn't live in Beachwood, to be the Mayor and you have a homeless Mayor you are trying to question, you can be sure that a court claim from me would exceed \$50 million. I am I'm homeless. and I have the Clerk's opinion..

Councilman LaCrosse	To Mr. Hiering - Balazinski is a "candidate" for office. How does that affect the statute which applies to the elected official.
Attorney Hiering	Statute says you must be a resident.
Councilwoman Clayton	To Mayor – How do you feel about that do you believe you should be the Mayor.

	Mayor Jones: Believe I am still the Mayor if the Council disagrees with that than take the action.....and we will follow up from that.
Attorney Hiering	40A:16-3c - Office deemed vacant...if not residing within the corporate limits.
Roma	Simple question where are you residing..
Mr. Jones	I stay with people if they give me the opportunity - I stay with people in Beachwood who let me stay there. I am currently \$155,000 in debt .
Councilman Roma	To Mr. Hiering. ? Although no permanent place of residence - If residing within the Borough with someone – how does that ...? Will have to take a look at this.
Councilman LaCrosse	Mayor and I have had differences - I would offer the Mayor 30 days (60) to come up with an address in Beachwood. Mr. Jones – I will confirm with my Attorney, to see if you can make that offer. Also the Borough would have to defend the Mayor in the suit, I contacted my Attorney. Mr. LaCrosse - We don't have to support anyone committing fraud. We don't have to put the Borough on the line.
