Block 2.40 Lot 7.01 (formerly Lots 7 & 8)
Use Variance and Preliminary and Major Site Plan

The property in question is an irregularly shaped tract located on the southwest corner of the intersection of Atlantic City Boulevard (Route 9) and Pennant Avenue. Former lot 7 is located in the R-B Single Family Residential Zone while former lot 8 is located in the B-1 General Business Zone. The property has an area of approximately 13,230 sf or 0.30 acres. Former lot 7 is occupied by a residential dwelling and a detached garage while former lot 8 is occupied by a 1 story masonry building housing the East Coast Flag & Flagpole Company along with on-site parking for 4 vehicles.

On March 26, 2018, the Borough of Beachwood Land Use Board memorialized Resolution 2018-10 which granted the Applicant a Use Variance to permit a parking lot on adjoining lot 7 ancillary to the Applicant's business on lot 8. The Use Variance was conditioned upon the existing dwelling on lot 7 being removed while the existing garage on lot 7 would remain and be used for storage. In addition, the Applicant agreed to plant additional shrubs along the neighboring property to provide a natural buffer. The resolution of approval further stipulated that no lighting was proposed and the construction details of the proposed parking area would be subject to a site plan application submitted to the Land Use Board.

The Applicant is now seeking Preliminary & Final Major Site Plan approval as stipulated in Resolution 2018-10. In addition, the Applicant proposes to demolish the existing garage on lot 7 and to construct a 30 ft by 40 ft pole barn storage building. As a result, the Applicant has requested Use Variance approval for this change.

The site plan drawings show that the Applicant proposes 9 head-on parking spaces, including 1 handicap accessible parking space, and a loading space along the Pennant Avenue site frontage. In addition, a stone storage area is proposed at the site which will be accessed via a 12 ft wide

driveway from Pennant Avenue at the westerly side of the site. The Applicant also proposes to relocate the existing dumpster to the southwest corner of the site and a 6 ft high vinyl fence is proposed along the northerly and westerly sides of the site.
